Littleton, CO 80127

Re: Access Agreement
4320 Adams St.
Denver, CO 80216

To whom it may concern:

I am the owner of the property described above. I received notification from the EPA that someone removed soil samples from that property for the purpose of testing those samples for metals contamination.

I am writing to inform you that I never authorized anyone to remove any soil samples from the property listed above. Nor did I authorize anyone to test the soil from that property for any metals contamination.

You are instructed to return to me immediately all soil samples removed from that property. You are not authorized to test any soil samples removed from that property.

In addition, please send me a copy of the authorization that was purportedly signed allowing your office to enter that property and remove the soil samples for testing.

Thank you.

Sincerely,

Linda L. Petrino
